

"5th Thursday" Dinner

For select boards, town managers/administrators, planning boards, zoning boards of appeals, planners, building inspectors, and Green Committee/Energy Committees members

Carpooling helps make our events more 'green,' and also ensures that there is adequate parking for everyone

Please join the Berkshire Regional Planning Commission and guest speaker Jim Barry, Dept. of Energy Resources, for a "Green Communities Special Event"

Fourteen of the Berkshire's 32 communities have signed up to receive technical assistance to help them achieve designation as a Green Community. At this fun and interesting evening you will:

- Learn what it takes to be designated as a Green Community,
- Meet the Green Communities Coordinator for Western Mass., whose job it is to help towns develop energy initiatives and projects,
- Hear which 14 communities are working towards this designation, and
- Understand the benefits associated with earning the Green Community label.
